Last Weeks Program – August 2<sup>nd</sup>.

Well, if you thought that our planet was on its way out due to global warming, Buddy Blackman did a lot to dispel our fears by presenting a great, thoroughly researched program. He showed that the earth has been undergoing cycles for millions of years, both of ice ages followed by warming trends, that graphically show that our planet now is in the warming stage of this cycle. (The 90s is the hottest decade on record.) However, there is only a 3 degree difference in Celsius over thousands of years. The Ozone layer with its gases, has little to do with this trend in the big picture. In the long run, that's pretty stable!

COL Dan Bruno, Garrison Cmdr. (Rick Metro) received his first posting to the club.

“Again, Remember the Winery!”) Please show the excellent flyer that Shirley Bonsell created for this affair to your friends, co-workers, etc. – This will take place on Thursday night, Sept. 20<sup>th</sup>. (See flyer). Three hours of great fun, great music and Great Wine. 6:30 to 9:30 pm. Purchase your tickets now. A raffle will be held, with one of the prizes being a picture created by COL Rob Gordon, former member of the club!

Farmers Market Fund Raiser: This is being Considered to coincide with the Fall Foliage Festival. Pumpkins will be the name-of-the game! Anyone for pumpkin pie?)

Phil Brillante's Safety Tip – Took a different course as he emphasized the boating season.
